Description

High-Yield Residential Plot in Archangelos – Strategic Investment Opportunity

Whether you are a family ready to build your custom forever home or a smart investor looking to develop a profitable residential project, this exceptional plot in the prestigious Archangelos area of Strovolos offers the perfect blank canvas. Buying land in this established and highly sought-after neighborhood provides the ultimate freedom to bring your architectural vision to life, surrounded by a community that guarantees long-term value. This site is a high-value residential opportunity specifically suited for those who prioritize central connectivity and modern living in a premier Nicosia district.

Versatile Development Opportunities

Boasting a well-positioned surface in the desirable Ka6 zone, this property is primed for immediate construction. With a 90% building density and a 50% coverage ratio, the zoning offers fantastic versatility: it is perfectly sized for the development of one or two spacious family houses or a small-scale residential project for high-yield returns. The plot is ideally suited for those looking for plots of land for sale in Strovolos that balance suburban comfort with strong development potential, making the transition from blueprint to reality incredibly smooth with a structural allowance for 2 floors and 10 meters in height.
