Description
Shops, cafés and the heart of the village are all within walking distance of this residential field in Skarinou, a setting where everyday convenience sits comfortably alongside authentic Cypriot village life. Its generous 2548 m² gives real room to think about a future home, and the level ground makes the land easy to picture and plan around.

Skarinou has a strong local identity, with restaurants, supermarkets and petrol stations close at hand. Schools and public service offices are a drive away. Beyond the village, a short drive brings you to parks and green spaces, the neighbouring villages of Choirokoitia and Agios Theodoros, and the open waters of Dipotamos Reservoir, a landscape-led setting away from dense urban development.

The residential zoning points to a home here, surrounded by a slower pace and a close-knit community while the wider Larnaca district stays within comfortable reach. With an irregular outline and an even surface, the plot offers an uncomplicated starting point for anyone weighing their options in this part of Cyprus.

Above all, this is a sizeable piece of residential land in a welcoming village, with daily essentials just a stroll from home.
