Description
A sizeable field on sloping, rising ground in Peristerona, offering 16,723 m² of agricultural land in an open countryside setting. The plot is irregular in shape, and its ground falls across the land. It suits farming or planting that works with the slope.

The village centre is a short drive away, as are the neighbouring villages of Agios Isidoros and Steni and local petrol stations. The main roads are within easy driving distance, making this corner of Peristerona straightforward to reach from the wider Paphos district. This is a versatile piece of agricultural land with generous space to farm or plant.
