

For Sale, Land, Field, Larnaca, Kornos, 5,760m²

Village life in Kornos has a pull of its own. Cafés
and rest...

For Sale : **€ 57,000**

Description
Village life in Kornos has a pull of its own. Cafés and restaurants sit within walking distance, and everyday needs such as a supermarket, schools and petrol stations are only a short drive away. This field for sale in Kornos offers a generous stretch of residential land in a setting with a strong local identity. It also stays well connected, with main roads close by and the motorway a drive away.

The land is open, with a sloping surface that follows the natural lie of the ground, and it has direct road access. Its residential zoning points to a home, and the land is described as suitable for plot separation or a residential development. That leaves room to shape plans around your own ideas.

The neighbouring villages of Pyrga and Delikipos are a short drive away, with parks and green spaces nearby. Larnaca International Airport is about 20 km away. This sale is for a one-third share of the land.

Authentic Cypriot village life, with the coast and the wider island within easy reach.
