For Sale : **€ 50,000**

Description
Set among the villages of the Larnaca countryside, this residential field in Psevdas offers a broad, even stretch of land with authentic Cypriot village life all around it. The village centre, cafés, schools and green spaces are a short drive away, as are the neighbouring villages of Agia Anna and Mosfiloti.

The land is zoned for residential use and has direct road access on two sides, so reaching it is simple. Its smooth surface and generous scale give a real sense of space, with the rhythm of village life close at hand rather than the density of town.

Getting around is easy. Main roads and the Larnaca–Nicosia Motorway are a short drive away, supermarkets and shops are within a drive, and Larnaca International Airport is about 15 km away, so wider travel stays straightforward.

This sale is for a one-twelfth share of the field. Residential land in a genuine village setting, with roads on two sides and the motorway close by, gives Psevdas a grounded, welcoming appeal.
