For Sale : **€ 110,000**

Description
Village life in Kouklia sets the tone for this sizeable residential field in the Paphos district. The village centre is a short drive away, so everyday errands and a meal out stay close at hand. Paphos International Airport is a drive away, which makes trips abroad and visits from family and friends easy to plan.

The land has a regular shape and an inclined surface, and it has direct road access. Its residential zoning gives room for a home, with the slope of the land to shape your plans around.

High-voltage cables pass through the field. The sale is of an 800/2843 share, and a distribution agreement assigns this share its own defined section of the field.

A residential setting in Kouklia, a regular plot with its own road frontage and a clearly defined section under the agreement make this a piece of the Paphos countryside worth getting to know.
