Description
Village life sets the tone here. From this residential field in Kato Drys, the heart of the village is an easy walk away, so a morning errand or an evening stroll into the centre can become part of the everyday rhythm. It is an unpretentious, grounded alternative to town or resort living, rooted in a Larnaca village.

The land covers 2,342 m², with an irregular shape and a gently sloping surface. Its residential zoning gives room for a home, and it has direct road access, which makes it simple to plan around.

Beyond the village, the neighbouring Lefkara villages, Pano Lefkara and Kato Lefkara, are a short drive away, widening the circle of village life you can enjoy close to home.

Picture the home you might shape on this sloping ground, with the village centre within walking distance and the character of the Larnaca countryside villages all around.
