Description
For sale: a field in Peristerona, in the Paphos countryside, covering 11,037 m² of agricultural land. The ground is even across the plot, which makes it practical to work and plant. A concrete road gives direct road access to the land.

The village centre is a short drive away, as are the neighbouring villages of Steni and Agios Isidoros. Petrol stations are close by and the main roads are a drive away. The field lies in an open countryside setting, away from dense urban development.

A generous, level piece of farmland with direct road access.
