Description
Authentic Cypriot village life starts right outside this field on the market in Giolou, Cyprus. It offers a generous 2432 m² of residential land, close to the centre of a Paphos village with a strong local character.

The ground is even and dotted with trees, which gives the land a natural, settled feel. Its residential zoning points to a home of your own here, surrounded by greenery and village rhythms. Restaurants and cafés are within walking distance. Supermarkets, shops, a park and public service offices are a short drive away, with schools, petrol stations and main roads a little further on.

The land has good links to the heart of Giolou and to the neighbouring communities. Miliou and Old Theletra are both a short drive away, and so is Evretou Lake, a lovely spot for time outdoors. Everyday needs are close at hand, while the wider countryside is never far.

It is a level, tree-dotted piece of residential land in the middle of village life, with the space to make a home among the trees.
