For Sale : **€ 36,000**

Description
Restaurants, cafés, shops and a green park are all within walking distance of this residential field listed in Tersefanou. The village offers authentic Cypriot village life and stays well connected to the rest of Larnaca district.

The land has a regular shape and a sloping surface, with direct road access along two of its sides. Its residential zoning points naturally to a home, and the land is described as suitable for plot separation or a residential development. Schools, a medical centre, public service offices and petrol stations are a short drive away, as are the neighbouring villages of Kiti and Softades.

Free time has easy options close by, from walks around Kiti Reservoir to a visit to the historic church of Panagia Angeloktisti. The Larnaca–Limassol Motorway and Larnaca International Airport are also a short drive away, so trips across the island or abroad are simple.

This sale is for a one-sixth share of the land. It is an uncomplicated stake in residential land, with everyday village life right on its doorstep.
