Description
A generous field in Agios Theodoros, Larnaca, set in an open countryside setting outside the village. The land extends to 17,392 m² across sloping ground with an irregular shape, offering real space for agricultural work.

Its area allows the large-scale breeding of animals and birds, with the exception of pigs, making it a practical addition to a livestock or rural operation. The village centre and petrol stations are a short drive away, and the neighbouring villages of Choirokoitia and Psematismenos are also close by. This is a sizeable parcel of farmland with livestock use.
