Description
In the Kathikas countryside of Paphos, two adjoining fields come together as a single holding of 13,156 m². The land has an irregular shape and a sloping surface, and it is reached by an unregistered road. Part of the land lies in an agricultural zone, suited to farming and planting. Another part falls within a protection zone.

The Kathikas village centre is a short drive away, and the main roads are a drive further. Taken together, the two parcels form one sizeable, sloping piece of farmland in the Kathikas area.
