Description
Expand your professional horizons with this massive 2,500 sqm industrial plot, located in the strategically positioned Anthoupoli area of Lakatameia. This site is where your vision takes shape, offering a substantial foundation for your future business ventures or specialized development projects. Whether you are looking to establish a light-industrial facility, a state-of-the-art logistics hub, or a mixed-use commercial space, this expansive property provides the versatility and scale required to build a lasting legacy in Nicosia's growing industrial sector.

Strategic Development and Industrial Versatility

Currently under division to ensure modern infrastructure standards, this property is a prime choice for investors focused on strategic acquisition and significant high-yield development. With a building density of 100% and a 50% cover factor, the plot offers a balanced and efficient layout for warehouses, workshops, or distribution centers that require a high return on investment. The zoning, which includes Bα3 and BE1 influences, allows for a clear path to high-value development while ensuring harmony with the surrounding industrial environment. This structural flexibility is perfectly suited for operations that require extensive floor space and multi-functional facilities, further solidifying the foundation of your future operations.
