Village life in the Larnaca countryside comes with real ever...

For Sale : **€ 16,000**

Description
Village life in the Larnaca countryside comes with real everyday convenience here. This residential field in Kornos sits within easy reach of schools, a supermarket, cafés and restaurants, with the neighbouring villages of Pyrga and Delikipos a short drive away. Main roads are close by, the motorway is a drive away and Larnaca International Airport is about 20 km.

The land is level and regular in shape, which makes it uncomplicated to understand and to plan around. It covers a generous 9997 m² and has direct road access. Its residential zoning points to the general use of the area: homes set among authentic Cypriot village life, with parks and green spaces nearby.

Kornos offers a slower pace and a close-knit community while keeping the coast and the town within comfortable reach. This sale is for a one-twelfth share of the land, which corresponds to 833 m².

Level ground, a residential setting and a well-connected village: an appealing balance of location, function and flexibility.
