For Sale : **€ 13,000**

Description
Village life in Pigenia sits close at hand here. This residential field lies near the village centre, with shops, cafés and the neighbouring village of Kato Pyrgos all a short drive away.

The land covers 12,375 m² of sloping ground with an irregular shape. Its residential zoning sets out its general use as land for homes, offering room for a home within a village community. The field has no direct road access.

Beyond the village, the wider area carries its own sense of place. The Gialia Monastery is a drive away, and the Cyprus Mufflon Enclosure lies in the wider region, giving the setting a link to the heritage and landscape of this corner of the Nicosia district. The sale is a 1/7 share of the field.

A sizeable piece of residential land close to Pigenia's centre, set where village life carries on around it.
