Description
Set in a tranquil and beautiful natural environment, this residential field on higher ground in Thrinia offers a chance to put down roots in authentic Cypriot village life. The land sits within easy reach of the village centre, surrounded by the calm and greenery that define this corner of the Paphos countryside.

At 2,676 m², the plot gives you generous room to plan a home on residential land, with space to shape a garden and outdoor living around it. Its sloping, irregular form suits a design that works with the lie of the land rather than against it.

Daily life stays simple. Schools, supermarkets, restaurants and cafés are a short drive away, as are the neighbouring villages of Lasa and Milia, with parks and green spaces close at hand. Further afield, Evretou Lake makes an inviting spot for weekend walks and quiet afternoons by the water, while main roads connect you to the wider region.

A slower pace, a close-knit community and a peaceful natural setting come together here, an honest and uncomplicated base for building the life you want in the hills of Paphos.
