For Sale : **€ 49,000**

Description
Village life sets the tone for this residential field in Theletra, a short drive from the old village core and neighbouring Kathikas, both rooted in a setting with a strong local identity. Cafés, restaurants, shops and green spaces are all within easy reach, while schools, a medical centre and main roads sit a little further away. Daily life here keeps an authentic Cypriot rhythm.

The land is generous and gently sloping, with an irregular outline that follows the lie of the ground. It is already fenced with metal mesh and has road access, which gives it a practical footing. Some old, economically obsolete structures stand within the boundaries. Its residential zoning points towards a family home shaped around the slope and the open village surroundings.

For anyone drawn to the authentic side of Cyprus, Theletra offers a landscape-led setting away from dense urban development, where a home can grow at its own pace. This sale is for a two-thirds share of the land.

A generous stretch of residential ground in a living Paphos village, with everyday conveniences close by and traditional village charm all around.
