Description
Just a short stroll from the heart of the village, this residential field in Melini offers a setting with real local identity, where everyday life moves at a slower pace and the landscape stays close. With 2676 m² of land zoned for residential use, there is generous room to picture a family home shaped around its own surroundings.

The land has an irregular shape and a rough, natural surface, which gives it an honest, unpretentious character. Daily needs are well covered, with services and amenities close by. Restaurants, cafés, a school and green spaces are a short drive away, as are the neighbouring villages of Eptagoneia and Odou.

Further afield, the hills invite exploring. The walking country around Kionia peak, the traditional village of Fikardou and the Transfiguration of the Saviour Church are all within a drive. When the city calls, the Nicosia–Limassol Motorway can be reached in the wider region.

For anyone drawn to authentic Cypriot village life, this is a sizeable piece of land in a welcoming community, with the village centre and the character of the Larnaca hills right on its doorstep.
