Description
An open countryside setting a short drive from the village centre frames this agricultural field on the market in Farmakas, Cyprus. The land covers 23,078 m² of sloping, irregularly shaped ground. It is zoned for agricultural use and suits farming or planting.

The field has direct road access. The neighbouring villages of Kampi and Apliki are a short drive away, and a main road is within reach for moving equipment and produce. This sale is for a share of the field. It is a versatile piece of farmland with its own road access in the Farmakas countryside.
