For Sale : **€ 25,000**

Description
Village shops, cafés and restaurants are within walking distance of this residential field in Polystypos, close to the heart of the community. It is a chance to put down roots where everyday life moves at a slower pace, among neighbours who know one another.

The land covers a generous 1673 m² and sits within a residential zone, so its natural use is a family home. Its irregular, sloping shape calls for a thoughtful design, one that works with the lie of the land instead of against it.

Daily needs are easily met. Schools, medical centres, pharmacies, parks and a sports venue are all a short drive away, as are the neighbouring villages of Livadia and Alithinou. The main roads are a little further, which helps keep the village atmosphere intact.

For anyone drawn to authentic Cypriot village life, this is honest, uncomplicated land with real room to create a home, with the life of Polystypos right on the doorstep.
