For Sale : **€ 34,000**

Description
Village life in the Paphos countryside sets the tone for this residential field in Stroumpi, where cafés, restaurants and everyday shops are all within walking distance. A morning coffee or the weekly groceries can simply be part of a stroll.

The land spans a generous 5,352 m² of residential land, with room to picture a home shaped around its natural slope and irregular outline. The gradient gives it character, and a design that works with the landscape rather than against it.

Beyond the immediate neighbourhood, the village centre, schools, parks and petrol stations are a short drive away, as are the neighbouring villages of Polemi and Theletra. A medical centre, public service offices and the main road network are within a drive, keeping the wider district within easy reach.

This sale is for a one-quarter share of the land.

Set among authentic village surroundings, this corner of Stroumpi pairs everyday convenience with the easy rhythm of Cypriot village life.
