Description
Authentic Cypriot village life sits right on the doorstep of this residential field in Platanistasa. The village centre, its cafés and restaurants, and the local schools are all within walking distance. Everyday life keeps the easy rhythm of a small community, with plenty of traditional charm around it.

The land covers 1375 m² on a sloping site of irregular shape, and it is zoned for residential use. It offers the chance to plan a home in a landscape-led setting, well away from dense urban development. The slope gives the plot a natural lie within the hillside village.

Supermarkets and shops, medical centres and pharmacies, a petrol station and public service offices are all a short drive away. So are parks, green spaces and a sports venue. The neighbouring villages of Fterikoudi and Alona are close by too, and the main roads of the wider region connect you to the rest of the island.

For anyone drawn to the authentic side of Cyprus, this is a place to put down roots. Here a home can sit within walking distance of a living village centre.
