Description
This field in Vavla offers 2342 m² of agricultural land in an open countryside setting. It is a short drive from the village centre and from the neighbouring villages of Ora and Lageia. The land lies within an area set aside for livestock farming, where premises for raising animals and poultry are permitted.

The field is irregular in shape and has an uneven surface, and it has no direct road access. Main roads and the motorway network linking Larnaca, Limassol and Nicosia are within driving distance. This is a practical piece of farmland in the Vavla countryside.
