Description
In the farmland of Ora, near Kalavasos Reservoir, this agricultural field covers 7,897 m² in total. The field is triangular, with sloping, uneven ground, and it has road access. The villages of Drapeia and Parsata are a short drive away, and the Nicosia–Limassol motorway is within driving distance. A pylon stands on the land, with high-voltage cables passing over it.

The sale is a 1/2 share of the field. A distribution agreement assigns this share its own defined part of the land. It is agricultural ground, suited to farming or planting.
