Description
In the countryside of Drymou in the Paphos district, this large agricultural field covers 28,763 m² of sloping ground with an irregular shape. It borders a public road along one side, so it has direct road access. The village centre is a short drive away, as are neighbouring Simou and Giolou. The Limassol - Paphos Motorway serves the wider region.

Most of the land is agricultural and can be used for farming or planting. Part of it lies within a protection zone. This is a sizeable sloping field with its own road frontage in Drymou.
