Description
Covering 40,135 m² of countryside in Axylou, this agricultural field offers a generous stretch of open land for farming or planting in the Paphos district. The ground is sloping and the outline irregular, in a landscape-led setting away from dense development.

The village centre is a short drive away, as are the neighbouring villages of Eledio and Kallepeia. The Limassol–Paphos motorway and the main road network are within a reasonable drive. This is a versatile piece of agricultural land with room to work at a generous scale.
