Description
Xylofagou, a village in the Larnaca district, sets the scene for this large residential field. The village secondary school lies close by, and the village centre is a short drive away, so everyday life stays within reach of the land.

The field covers 8,015 m² and has a regular rectangular shape and an even surface, a calm, level canvas to plan on. Its residential zoning gives room for a home, with generous ground around it and the open feel of a village setting.

For time outdoors, the green of Liopetri National Forest Park is a short drive from the village. The land has no direct road access.

Sizeable, level and zoned for residential use, this field offers a quiet starting point for a home in the heart of village life in Xylofagou.
