For Sale : **€ 185,000**

Description
Space to build the home you have in mind, in the village of Liopetri, where authentic Cypriot life still sets the pace. This residential plot of 1621 m² offers a generous canvas. Level ground and direct road access make the early stages of planning refreshingly straightforward.

Everyday needs are well covered. The village centre, schools, supermarkets, cafés and medical centres are all a short drive away, as are neighbouring Frenaros and Sotira. The Larnaca – Agia Napa Motorway is close by too, linking you easily with the rest of the island.

For weekends, the green spaces of Liopetri National Forest Park lie within a comfortable drive, a welcome reminder of the open landscape around this part of Famagusta.

Here you decide the layout, materials and specification from the very first sketch. Contemporary lines or a more traditional design would both sit naturally on a site of this size. A village with a strong local identity, a generous and level plot, and the freedom to shape a home entirely around the way you live.
