For Sale : **€ 115,000**

Description
Green space lies right beside this residential field in Akaki, a short way from the centre of the village. Everyday village life sits close at hand, and a park sits next door.

The land covers 2,882 m², with a neat rectangular shape and an even surface. Its residential zoning gives room for a home, and the level ground and simple outline make it easy to imagine a house set out across it, with the greenery of the neighbouring park beyond its boundary.

The land has no direct road access.

Schools are a short drive away, which helps when thinking about daily family routines from here. Akaki keeps its own village character while staying within the wider Nicosia district.

A level residential field beside a green space and close to the heart of the village offers a clear starting point for a home of your own.
