For Sale : **€ 110,000**

Description
Village life sets the tone in Xylotymvou. Here the local primary school is within walking distance, so a school day can begin with an easy stroll rather than a drive.

This residential plot offers room for a home on even ground, which keeps the early planning uncomplicated. Its shape is irregular, so the layout deserves some thought from the outset. The land has direct road access along one side.

Everyday needs are close at hand. Supermarkets, shops, restaurants and cafés are a short drive away, as is neighbouring Ormideia, and the Larnaca – Agia Napa Motorway is easy to reach for journeys further afield.

Here, a home can take shape among village streets, with the rest of the Larnaca district never far away.
