For Sale : **€ 75,000**

Description
A residential field in Agia Napa offers the chance to plan a home within easy reach of one of Cyprus's best-loved resort towns. The land sits in a residential setting, with the main roads and the Larnaca to Agia Napa motorway within walking distance, so journeys across the island start without fuss. Schools, supermarkets, cafés, medical centres and the town centre are all a short drive away. The historic Agia Napa Monastery is close by too, a reminder of the town's character beyond its famous summers. The portion on offer is rectangular with an even surface, an uncomplicated shape for anyone picturing a future home. It enjoys direct road access, and its residential zoning points clearly to that intended use. Parks, sports venues and everyday services round out a practical, well-connected location. This sale is for a one-twenty-fourth share of the field. Level land, good roads and the relaxed rhythm of Agia Napa life all come together here.
