Description
In the Larnaca District community of Ormideia, this flat, rectangular field offers a generous stretch of residential land. Most of it lies in a residential zone, with room for a home, while a small part falls within a protection zone.

At 3,736 m², the plot is large and easy to read, with level ground, regular lines and road access along one boundary. A rainwater stream passes through the land, something to keep in mind when planning its layout.

The community's primary school is within reach, and the Larnaca–Agia Napa motorway runs nearby. Picture a home set on even ground, a large plot opening around it, and the everyday life of Ormideia close at hand.

A flat, well-shaped piece of residential land in Ormideia, well worth a visit.
