For Sale : **€ 39,000**

Description
Set within the village of Palaiometocho, this residential field offers a level, regular-shaped piece of land in a setting with a strong local identity. Its even surface and tidy proportions make it an uncomplicated canvas, and its residential zoning points naturally towards a family home. Direct road access adds everyday ease from the very start.

Village life sits close at hand. The village centre, schools, supermarkets, cafés and medical centres are all a short drive away, so daily routines stay simple. Main roads and motorway junctions are also within easy reach, keeping the wider Nicosia district well connected. For time outdoors, the nature spot of Lefkovounos is a short drive from the plot.

The land measures 1578 m² in total, a generous footprint in a community that blends authentic Cypriot village life with practical convenience. This sale is for a half share of the land.

Level ground, good access and a place in a connected Palaiometocho neighbourhood: an appealing balance of location, function and flexibility.
