For Sale : **€ 16,000**

Description
Set within the village community of Ormideia, in Larnaca district, this residential field brings together 2,299 m² of land and the familiar character of a Cypriot village. It is a place to imagine a future shaped by village life, with the community all around.

The ground is even across its irregular outline, and its residential zoning gives it a clear, uncomplicated purpose: room for a home of your own in Ormideia. It is easy to picture plans taking shape on level land, among the streets and neighbours of an established village.

The land has no direct road access. The sale is for a 1/3 share of the field.

Level ground, residential zoning and an Ormideia address make this a straightforward foothold in a village with its own character.
