For Sale : **€ 130,000**

**Description**
Space is the first thing you notice here. Three adjoining fields in Analiontas are offered together as one generous residential plot of 5,762 m², set within village life in the Nicosia district. For anyone searching for a field in Cyprus with room to breathe, this is a landscape-led setting away from dense urban development, yet never far from everyday needs.

The ground is level, which makes it easy to picture a home taking shape, and the land has direct road access. Its residential zoning points clearly to that kind of future, with plenty of room for outdoor living.

Schools and the village centre are a short drive away, as are the neighbouring villages of Kataliontas and Margi and the open surroundings of Tamasos Lake. Supermarkets, cafés and restaurants are within easy reach by car. The motorway between Nicosia and Limassol keeps both cities comfortably connected.

What stays with you is the combination. Here you have authentic Cypriot village life, a generous sweep of level land and the freedom to shape a home on your own terms.
