For Sale : **€ 29,000**

Description
Two adjoining fields in Saranti, Cyprus, are offered together as one agricultural holding with a total area of 16,054 m². The land lies a short drive from the village centre in an open countryside setting. The neighbouring villages of Lagoudera and Livadia are also a short drive away, and the main roads are within easy reach by car. The ground is irregular in shape with an uneven surface, and the land can be reached by road. Its agricultural zoning suits farming or planting. Together, the two parcels form a generous and versatile piece of agricultural land in the Saranti countryside.
