Description

High-yield residential plot in lakatameia – strategic investment for family living

Whether you are looking to build a custom sanctuary for your family or a smart investor seeking a premium land asset in an established area of lakatameia, this under-construction residential building plot offers the perfect blank canvas. Buying land in this high-demand and highly accessible neighborhood provides the ultimate freedom to bring a modern architectural vision to life, benefited by a strategic location that guarantees long-term value. This site is an ideal opportunity for those who prioritize privacy, space, and building a custom home in a serene urban environment.

Strategic development and long-term investment

Boasting a prime position within the ka8 residential planning zone, this property is currently under development, ensuring it will meet modern infrastructure standards upon completion. With a building density of 60% and 35% cover factor, the land offers a focused environment for high-quality family living, ensuring ample space for private gardens and outdoor living areas. Emphasize privacy and space with this plot, which is suitable for building one or two houses, allowing for a clear path for those looking to capitalize on the stability of the cyprus real estate investment market and maximize long-term investment value. The structural allowance for 2 floors ensures a well-proportioned and attractive residential design.
