Description
Two adjacent fields in Peristerona are offered together as a single holding of 7693 m², in an open countryside setting in the Nicosia district. The ground is sloping and irregular in shape. The land lies in an area set aside for livestock farming, where facilities for rearing animals and poultry, other than pigs, are permitted.

The villages of Potami and Orounta are a short drive away, with petrol stations and main roads close by and the motorway network within easy reach. This is a sizeable, versatile piece of agricultural land on the Peristerona countryside, suited to livestock use.
