Description
Level farmland in the countryside around Peristerona, this agricultural field of 5352 m² offers an even surface suited to planting and cultivation. Its outline is irregular, but the ground itself is simple and open, set in a landscape away from dense development. The field lies within the farming land of Peristerona, a short drive from the village centre and from neighbouring Astromeritis and Potami, with the wider motorway network a drive away. The land has no direct road access of its own. It is a generous, even parcel of agricultural ground in an open countryside setting.
