Description
Open countryside near Peristerona village surrounds this agricultural field of 7024 m², in a landscape-led setting away from dense urban development. The ground slopes and the field is irregular in shape. It lies within an area set aside for livestock farming, where facilities for rearing animals and poultry, other than pigs, are permitted.

The neighbouring villages of Potami and Orounta are a short drive away, as are petrol stations and the Peristerona village centre. The field has no direct road access. It is a versatile piece of agricultural land in the Nicosia countryside, with a permitted use for livestock farming.
