For Sale : **€ 34,000**

Description
Village life and open countryside come together in this residential field for sale in Analiontas, a corner of Cyprus with a strong local identity and an easy rhythm of its own. Schools, cafés, restaurants and everyday shops are all a short drive away, and Tamasos Lake lies close by for time spent outdoors.

Set on residential land, the field gives you room to picture a family home in authentic village surroundings. The ground is uneven and irregular in shape, following the natural lie of the landscape rather than the neat lines of a suburban street.

The neighbouring villages of Kataliontas and Kampia add to the sense of a close-knit rural area. When you need the city, the Limassol–Nicosia Motorway is within a drive, so the capital and the rest of the island stay comfortably within reach.

This sale is for a half share of the field. It is an uncomplicated way to put down roots on the authentic side of Cyprus, with village life and lakeside countryside all around.
