Description
Set in open countryside a short drive from the village centre, this agricultural field in Agios Epifanios Oreinis offers 2174 m² of farmland. The ground is irregular in shape with an inclined surface, and its agricultural zoning suits planting or farming.

The neighbouring village of Kalo Chorio Oreinis is also a short drive away, with Gourri and a petrol station a little further on. The main motorways towards Nicosia lie in the wider region. This is a versatile piece of farmland in the rural surroundings of Agios Epifanios, with open ground ready for cultivation.
