For Sale : **€ 25,000**

Description
Village life with the city within easy reach: this residential field in Lympia sits in a community with its own strong local identity, yet the motorway between Nicosia and Larnaca is only a short drive away. Supermarkets, shops and petrol stations are within walking distance, so everyday errands stay simple.

The land is generous and has an even surface, which makes it easy to picture a family home taking shape here. It has road access, and its residential zoning points clearly to a house of your own in an authentic Cypriot village setting. Schools, parks, restaurants and cafés are a short drive away, as is neighbouring Dali with its wider choice of services.

Lympia offers a slower pace and a close-knit community without cutting you off from the capital or the coast at Larnaca. Weekdays can run smoothly, and evenings and weekends can be spent closer to home. This sale is for a one-quarter share of the field. It is an uncomplicated piece of level residential land in a well-connected village, with room for a home and the rhythm of village life.
