For Sale : **€ 10,000**

Description
A field of 3679 m² on agricultural land in an open countryside setting, a short drive from the centre of Agios Epifanios Oreinis in the Nicosia district. The ground is irregular in shape and gently inclined, and the field is reached by a local road, which makes it practical for farming or planting. The neighbouring village of Kalo Chorio Oreinis is also a short drive away, Gourri and a petrol station are within easy driving distance, and the main roads of the wider region connect the area with Nicosia. This is a versatile piece of agricultural land in a landscape-led setting away from dense development.
