For Sale : **€ 12,000**

Description
Tseri offers a relaxed suburban setting on the edge of Nicosia, with a neighbourhood feel and the everyday essentials close at hand. For anyone searching for land in this part of the capital, this residential field brings together a calm setting and real convenience.

The land is flat and almost rectangular, an uncomplicated, well-proportioned shape that is easy to picture working with. It has direct road access, and its residential zoning points naturally towards a home of your own.

Life around it is practical. Schools, restaurants and cafés, a petrol station and sports venues are all a short drive away, as is the town centre. The neighbouring towns of Latsia and Lakatameia are close by, and the Lefkosia South Orbital Motorway puts the rest of Nicosia within easy reach, with bus stations a little further on.

This sale is for a one-fifth share of the land.

A flat, practical piece of residential land in a well-connected corner of Tseri, with the conveniences of the capital never far away.
