For Sale : **€ 14,000**

Description
Open farmland on the edge of Tseri, set in an open countryside setting a short drive from the town centre and from the neighbouring communities of Lakatameia and Margi. This field in Tseri covers 13,063 m² of agricultural land, suited to farming or planting in line with its zoning. The ground is irregular in shape with an uneven surface, and the field has no direct road access. It lies in a landscape away from dense urban development, within reach of the wider Nicosia area. This sale is for a one-third share of the field. A versatile piece of agricultural land in the Tseri countryside.
