For Sale : **€ 8,000**

Description
Mitsero's village centre is only a short drive from this residential field in the Nicosia district, and the lake at the Mitsero mines is just as close, a natural spot to enjoy when the day's plans are done.

The land covers 800 m² and has a sloping surface. Its residential zoning gives room for a home in a village setting, with Mitsero's daily life a short drive away and neighbouring Agrokipia close by as well. The land has no direct road access.

The sale is for a 4/5 share of the field.

Residential land in Mitsero, with the village centre and the lake both a short drive from home.
