For Sale : **€ 13,000**

Description
For sale: a field in Pera, set in open countryside within the village's agricultural land in the Nicosia district. The whole field covers 13044 m². It has an irregular shape and uneven, sloping ground, and its agricultural zoning makes it land for farming or planting.

Lakatameia, Tseri and Margi are all a short drive away, and the wider motorway network lies within a drive. This sale is for a one-third share of the field. It is a versatile piece of agricultural land in a landscape away from dense urban development.
