For Sale : **€ 10,000**

Description
Village life in Lympia brings a slower pace and a close-knit community, yet the capital and the coast are never far away. This field on residential land sits within that setting, offering a generous 2,007 m² in a community with real local identity, close to the village primary school and with easy access to the Larnaca–Nicosia motorway.

The land is zoned for residential use and has direct road access, so getting there is straightforward. Its irregular outline follows the natural lie of the land, giving it an honest, uncomplicated character rather than a manufactured one. Around it you find authentic Cypriot village surroundings, the kind of place where a home can feel rooted in its neighbourhood.

For anyone drawn to a closer connection with the countryside without giving up convenience, the location works well. Daily journeys towards Nicosia or Larnaca are simple by motorway, while the village keeps its calm, traditional feel.

This sale is for a one-sixth share of the field.

Residential land, a village setting and a motorway within easy reach make an appealing balance of location and flexibility.
