Description
A field on rising ground in Kalo Chorio Oreinis, set in an open countryside setting a short drive from the village centre and from neighbouring Klirou and Agios Epifanios Oreinis. The land covers 12375 m², with an irregular shape and an inclined surface, and is zoned for agricultural use.

It lies in a landscape-led setting away from dense urban development, a little way beyond the village's residential area. The land has no direct road access. This sale is for a one-fifth share of the field. It is an uncomplicated rural land purchase on agricultural ground in the Nicosia countryside.
